

Dear Jaztec Student and Parent,

Well, we did it! Week 2 and we've already made our first recording! Please see attached. Although this is just a rough audio edit, it gives you a chance to hear what it sounds like when all of us are together. As I write this I'm a little choked up knowing THIS is what you get to hear every day when we are in person! We don't get to hear that every morning, but we can enjoy this for now with more virtual things to come. :)

The audio link is also found in your "If Ye Love Me" document folder.

The next step is to take this audio and put it into a video file. From there we will put it together in a concert video as a full presentation of the choir program and present before the Fall Break.

Let's keep it all upbeat, and start working on Blackbird!! :)

Blessed to be your teacher,

Mr. Hebert
